

Are you Ready for Disasters?

Are you proactive or reactive?

If or when a natural disaster occurs with blackouts and chaos, will you and your loved ones be self-sufficient and ready to survive?

Or will you be stuck with government emergency agencies, overwhelmed first responders, rampant civil disobedience, unsavory emergency shelters the only desperate option, and panic at retailers where generators and survival supplies are sold out?

Choose CDPA to assist your readiness plans!

“In-Home Consulting, Plans, and Training, for Homeowners, Families, Seniors, and Businesses”

“Are you and your loved ones ready for natural disasters and catastrophes?”

DAVID ARAMA
Director

Who We Are at CDPA and WSC Survival School Inc.

Founder David Arama:

David is the Founder/Director of WSC Survival School Inc, & CDPA. He has been leading and presenting survival/safety programs for nearly 35 years at local community colleges, universities, assisting search & rescue and military groups, and providing workshops/displays at leading outdoor adventure tradeshows. David has been a consultant for TV Reality and Survival Shows, e.g., Survive This YTV, Bad Trips Abroad, Camp'n'Out OLN, and frequently on CTV/Global/CBC Radio giving expert survival advice for when disasters occur!
